Nutrition Plan

Overview

Age: 38 | **Gender:** Male

Current Weight: 70 kg

Target Weight: 66 kg

Diet Type: Eggetarian

Occupation: Business

Sleep: 6–8 hrs | **Steps per Day:** Don't track

Meals per Day: 3

Goal: Mental wellbeing & stress reduction

Daily Meal Plan

Early Morning

- Option 1: Warm methi water (250 ml)
- Option 2: Plain buttermilk (200 ml)
- Option 3: Warm water with lemon (250 ml)

Meal 1

- Option 1: Rice rawa upma with vegetables (small portion)
- Option 2: Poha with vegetables and a side of curd
- Option 3: Plain curd (200 g) with sliced cucumber and roasted makhana

Mid Morning

- Option 1: Roasted makhana (handful)

- Option 2: Puffed rice (murmura) with chopped onion and lemon
- Option 3: Fresh fruit (apple or guava)

Meal 2

- Option 1: Cooked rice (150 g) + paneer curry (120 g) + mixed vegetable (steamed or pan fried)
- Option 2: Cooked rice (150 g) + soya chunks cooked plain + vegetable curry
- Option 3 (lighter or veg option): Cooked rice (120 g) + curd (200 g) + large salad

Evening Snack

- Option 1 (light option): Puffed rice (murmura) chivda light
- Option 2: Roasted makhana with pinch of salt
- Option 3: Cucumber slices with plain curd dip

Meal 3

- Option 1: Steamed vegetables + paneer cubes (120 g)
- Option 2: Vegetable stir-fry with ragi or small portion cooked rice
- Option 3 (lightest option): Large salad with curd dressing and roasted paneer

Notes & Tips

- Keep meals regular and start each meal with the protein (paneer/curd) to reduce blood sugar spikes.
- For sweet cravings: have a small fruit or one small portion of puffed rice instead of sweets; wait 10 minutes and re-assess hunger.
- Stress triggers: short walk or 5 minutes of breathing before eating helps avoid overeating.
- If you don't cook: ask family to keep boiled paneer/curd portions ready;

choose puffed rice or makhana snacks.

- Avoid fried sweets and reduce added sugar; prefer plain curd, paneer and simple rice-based meals.
- Simple habit: portion rice (use smaller bowl) and fill plate with vegetables first to control portion size.
